

HOBART OBGYN Calvary

HOBART OBGYN Scholarship Information for Applicants

Hobart OBGYN based at Calvary Hospital will donate \$2000 to one or more students to pursue vocational training in dance and musical theatre.

This scholarship will give priority to students wanting to pursue courses, from institutions such as universities or other training institutions, which are less dependent on profits, and more focused on education. These will result in genuine qualifications, and the possibility of employment in areas of dance performance, musical theatre, choreography or teaching.

There is an emphasis on ballet training because it is very difficult for students to pursue full time dance training, without some classical ballet training technique, and many auditions will include a classical ballet class as an early part of the audition process.

The following activities will be considered:

Assistance for accommodation and travel expenses to audition for and participate in:

- Full time dance schools, which also provide schooling opportunities.
- Tertiary training courses
- Pre-professional training years
- Specialized workshops

Any enquiries prior to application can be sent to Robyn Ackerley at rca14213@bigpond.net.au
